RESUME OBJECTIVE

- I am Shivani Mutke. Pursuing Bachelor's degree of computer science engineering in Savitribai Phule Pune University.
- I have worked with blockchain technology and in the cyber security, and gained certificates of international universities and companies, on coursera platform.
- I have learnt Basic stage of Spanish language. I can read understand and write in Spanish language. As I have gained the skill of spanish language I have validate it using various courses of coursera platform

SKILL'S I have-

Html-css	python	Angular-js	javascript	Angular-8 with springboot
java	jquery	R-programming	Windows-8,10	Linux Operating System

About me-

- I am Shivani Mutke. Pursuing Bachelor's degree of computer science engineering in Savitribai Phule Pune University. I will complete my Degree in 2020-2021. Till now i have worked in Iot domain, python project, android app development, and currently I am learning web development using flutter.
- Also I have learnt Spanish language.
- I have created many flutter based application
- Along with that I can work with many web-technology frameworks. I m able to build web-application in **angular-js, angular-8, jquery, and javascript framework**.
- Also I have worked with blockchain technology, And gained certificates of international universities on coursera platform.

Technical work->

- I have created my wordpress website which there is given information related to new technical concepts, and trending changes in worlds different fields.
- This website will cleared idea about each and every concepts that you want to learn My focusing point is data-science and cyber-security
- There is my youtube-channal related to my website named as "see the new with Indonewstreamming".
- I have my boared on pinintrest platform named as "new tech".
- I have basic knowledge of python Django Framework.
- I can code with **c++, c, python, java and R-language**.

EDUCATION

B.S. COMPUTER SCIENCE
Zeal college of engineering
and Research, narhe, pune-41

Diploma. In COMPUTER SCIENCE
Zeal college of Polytechnic
, narhe, pune-41

10 th and 12 th from
Narayanrao Sanas highschool
, Rayat shikshan sanstha

No	Qualification	College	Year	Percentage
1	B.E. Computer Science	Zeal College of engineering and research,narhe,pune-41	2020-2021	Pursuing
2	Diploma in Computer Science	Zeal College of Polytechnic,narhe,pune-41	2017-2018	79.90%
3	H.S.C.	Vasantrao Sakharan Sanas Junior College	2015-2016	61.68%
4	S.S.C.	Narayanrao Sanas Highschool	2012-2013	86.80%

My projects→

- Laser security system.
- Automatic email and password generator desktop application using python.
- H-tracker –Mouse handling using head movements.

My work-

- I have created my blogs on blogspot whose link is given below-
<https://indonewstreaming.blogspot.com/>
- I have done my website on wordpress whose link is <https://indonewstream.wordpress.com/>
- Here I have studied and presented the info about new applications of Data science and concepts related to new technologies..
- I have created many webpages and website according to that I have updated my portfolio website.
- My certificate-document link is given below-
- From them some of the important certificates I have shared below-
 - 1)Blockchain technology-<https://coursera.org/share/279c2e926432faa30e77aecb54c86f14>
 - 2)Spanish language-<https://coursera.org/share/e366a06f84af8bf8620dd016e05b783b>
 - 3)Cyber Security by IBM-<https://coursera.org/share/da72441cf6691edcf972b47429ef58ca>
 - 4)R programming-<https://coursera.org/share/7861c03ced587e7a09c136faa114fe70>

Yours Faithfully,
Shivani Hemant Mutke.
